WE ARE FAMILY-OWNED, BORN
IN THE MIDWEST, AND MADE IN THE USA.

Rochester Concrete Products is a third-generation, family-owned manufacturer of mortarless concrete products dating back to 1914. We have consistently produced an extensive line of innovative hardscapes and building products that pass rigid quality control requirements – meeting or exceeding ASTM standards for strength, durability and freeze/thaw.

THE NEW STANDARD

In 2024, with the addition of our newest plant in Jordan, MN, we look to take the next step and set a **NEW STANDARD** for the hardscape manufacturing industry with...

MIND-BLOWING COLOR

Hardscape colors are born from state-of-the-art Chroma Coloring system. These pavers are the result of high-quality materials and precision manufacturing.

CONSISTENT PRODUCT

Precise, computerized controls throughout the manufacturing process and robust inspection ensure you get the same color, same surface and same edge detail — every time.

UNMATCHED QUALITY

North America's most advanced paver production facility with manufacturing systems and quality controls like no other.

INNOVATION

As technologies and hardscape trends change, we're continually bringing new and innovative products, colors, shapes and sizes to the market.

PRODUCT AVAILABILITY

Our technology and facilities investments dramatically increase production capacity and on-hand inventory.

USE THIS SIMPLE GUIDE TO HELP YOU AND YOUR LANDSCAPE PROFESSIONAL CREATE AN ATTRACTIVE AND COMFORTABLE LANDSCAPE YOU'LL ENJOY EVERY DAY.

The endless combinations of products available can make choosing your landscape and hardscaping materials very challenging. To simplify the task, follow these five design considerations when choosing materials for your backyard design.

1) STYLE

Style includes the shape, size and surface detail of a paver, slab, tile or wall. Choose a style that best suits the application, complements your surrounding architecture and expresses your personal flair.

2) COLOR

Whether you prefer a solid color, a blend or a combination of styles, shapes and colors, find one that complements your roofing, siding or stonework. Consider how furniture, decor and plantings in your plans work with the hardscapes colors you choose.

3) PATTERN

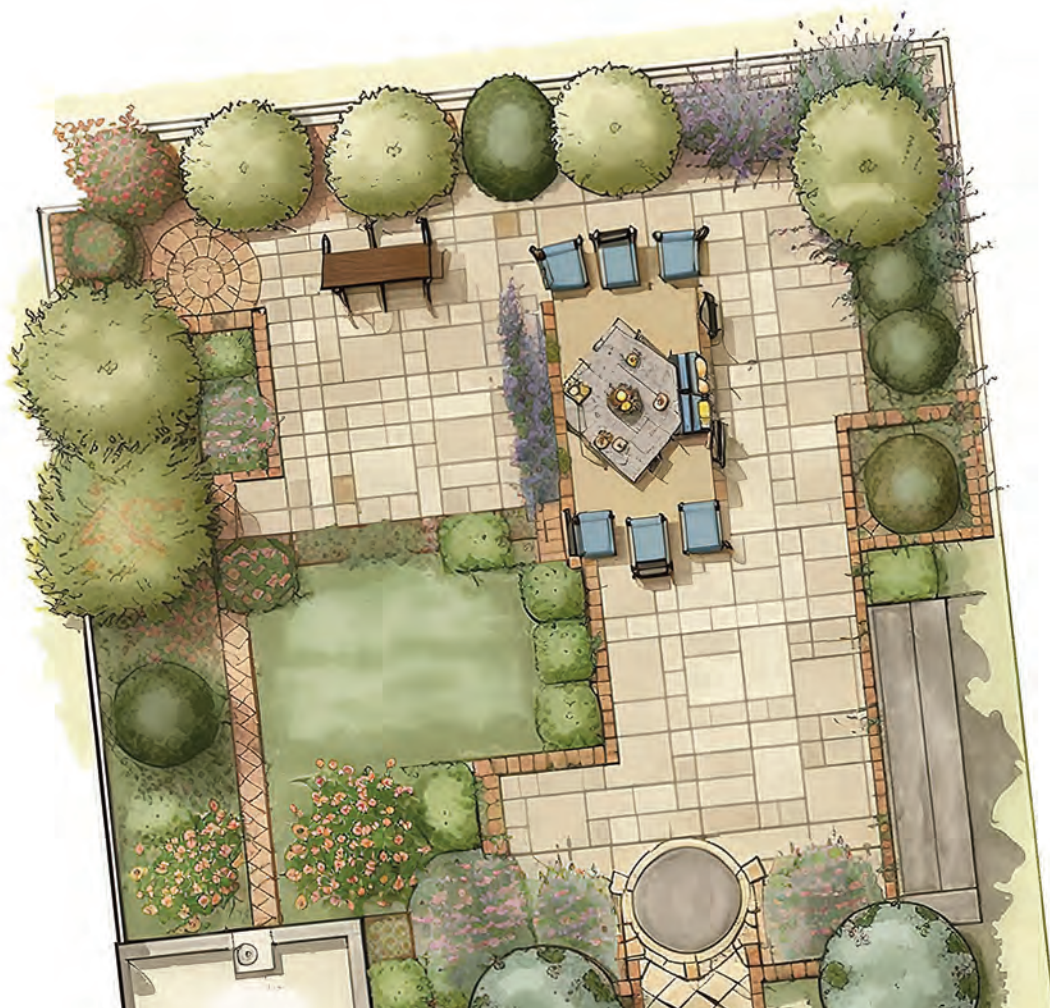

A qualified landscape professional will be able to help you understand what designs and patterns are available to you for your project and how those might impact the overall budget. If you find particular patterns or designs you like, share them with your contractor, this helps both of you zero-in on a design you both will be happy with.

4) DETAIL

Nothing completes a hardscape area like adding beautiful accents of inlays, caps/tops and borders. Use combinations of contrasting styles, color or patterns to create lasting flair for your outdoor living space.

5) ONCE YOU'RE READY TO BEGIN

Before planning your landscape project, check with your local zoning commission for building restrictions and required construction permits. Always call 811 before you dig.

FOLLOW THESE SIMPLE PLANNING STEPS:

1) DO YOUR HOMEWORK

Visit our website, Facebook or Instagram pages to see backyard patio plans, photos, ideas and MORE! The more ideas you have of hardscape materials, plants, accents and furniture, the better.

2) MAKE A WISH LIST

Make a list of things you like and dislike. If mowing the lawn or weeding a flower garden isn't for you, make note of it. Do you prefer rocks vs. mulch? Do you love flowers, but dread replanting every year? Highlight your interests below and share them with your landscape pro.

3) MAKE A BUDGET

When budgeting, plan to invest about 7% to 10% of your home's value. A more elaborate backyard sanctuary may require 15% to 20%. Much of what you will spend depends on how long you plan to stay in your home. If you plan to stay for more than 10 years, 15% to 20% will give you the enjoyment you desire for years to come.

Home Value \$ _____ x _____ %

= \$

(Your landscaping budget)

4) SKETCH YOUR DESIGN

Take out a pencil and paper and start at the beginning. Sketching will help you discover your likes and dislikes and make your landscaping process much easier.

5) HIRE A PROFESSIONAL

If you're not quite the weekend warrior to tackle your own landscape construction, start talking to the professionals. Landscape pros are invaluable assets for their design expertise, product knowledge and construction methods.

When it's time to choose products, ask your landscaping professional for input.

There are countless pavers, slabs and landscape tiles to choose from, the same goes for retaining wall blocks. Knowing what products are best suited for a particular landscape application is crucial. For example, pavers designed for heavy vehicle traffic are not good choices for small patios or walkways. And with retaining walls, a heavy-duty wall system probably isn't the right product for use as a small garden wall.

There's no better way to select material than to see and touch the real thing.

Visit a Rochester Concrete Products distributor/dealer to touch and see actual samples in the colors you like. If you can't visit a dealer showroom where outdoor living products are displayed, ask your landscape contractor to gather samples for your consideration. Always refer to actual product samples when making color selection.

THE REAL BENEFITS OF LANDSCAPING

Curb appeal – it's the best way to make a good first impression. Most homeowners agree, spending over \$45 billion on professional lawn and landscape services annually. Gardening has become America's #1 pastime, with over 80% of all households participating.

WHAT DOES THIS MEAN TO YOU?

A well-designed landscape does more than bring increased value to your home, it brings energy savings as well. More importantly, quality landscaping brings you years of enjoyment. So follow the number one trend in the country and bring the indoors out by adding a raised patio, fire pit or an outdoor kitchen. Regardless of what you do, the enjoyment of the outdoors will reduce your stress and add real value to your home.

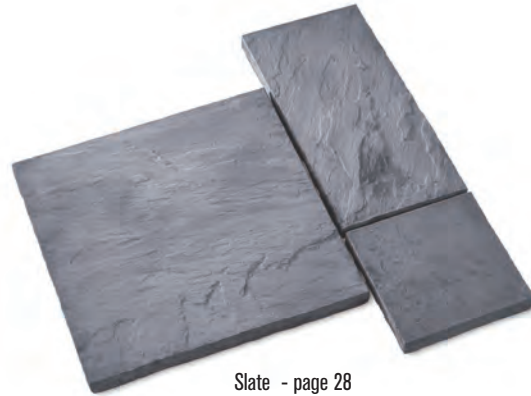

NOT ALL PAVERS AND SLABS PERFORM THE SAME. KNOWING THE DIFFERENCES IS CRITICAL WHEN DECIDING WHICH TO USE.

Pavers need to compliment a property's architecture and style, maintain their beauty, perform as intended and last indefinitely. Use these product pages to discover which paver meets your project requirements

OUR PAVERS ARE DESIGNED TO ENABLE YOU TO CREATE THE EXACT LOOK AND FEEL YOU ARE TRYING TO ACHIEVE.

With a variety of shapes, unique colors, surface textures and dimensions at your disposal, our concrete pavers let you add a touch of personal flair to your living spaces. Whether you're a homeowner seeking a specific ambiance, a landscape designer aiming for a certain thematic flair, or a landscaper looking to impress clients, Rochester Concrete Products has an array of stylish and durable options to meet your needs.

All our pavers are meticulously crafted using our exclusive Amplified Interlock Manufacturing (AIM) process, a multi-faceted system that sets a new standard for consistency and quality. While other providers may increase prices for premium quality, we extend our superior AIM standards to our entire range of pavers – backed by a lifetime guarantee.

THE RCP PAVER COLLECTIONS...

CHROMA SERIES: Witness the charm of vibrant and consistent color with our Chroma Series, thanks to our proprietary Chroma Coloring System. Implemented during the final production stages, the Chroma Coloring System imparts a saturated color layer on the surface of each unit, enhancing both aesthetic appeal and durability, making these pavers ideal for both residential and commercial use.

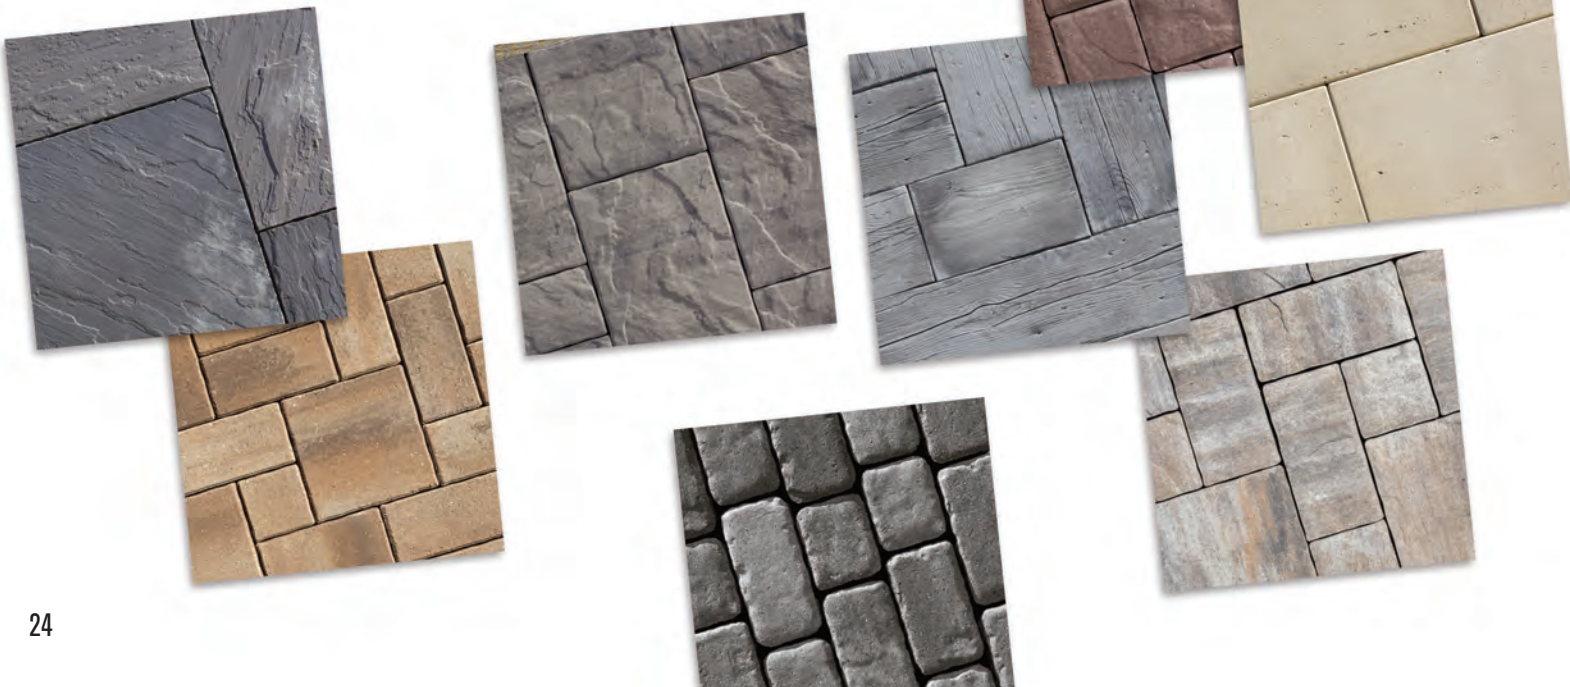

CHROMA SHIELD SERIES: Combining the Chroma Coloring System with our pre-treated Chroma Shield technology, the Chroma Shield series offers superior protection against sunlight, salt, and other corrosive elements, ensuring your pavers retain their fresh, vibrant color for a lifetime. The secret to Chroma Shield pavers lies in the first 3mm of the paver's surface, sealed with a chemical reaction, safeguarding the pavers unless subjected to significant abrasion.

WHISPERS SERIES: The Whispers Series features our latest additions to our product family; Silhouette and Contours pavers. Silhouette pavers sport a gentle veining pattern that mimics the quiet elegance of nature, while the Contours pavers showcase a bold mottling effect that adds a unique color and character to the paver surfaces. When looking to make a quiet, yet profound style statement, the Whispers Series has you covered.

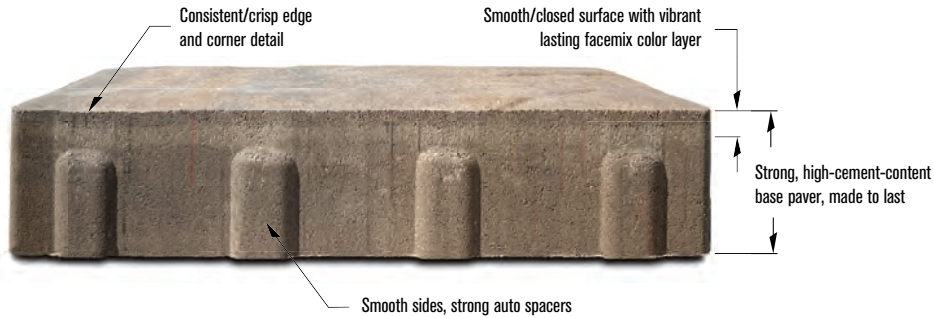

GEOCERAMICA: Continuing our tradition of bringing innovative solutions to the U.S. paver market, we introduce GeoCeramica. Combining the resilience of porcelain with the easy installation of concrete pavers, GeoCeramica offers a low-maintenance, stain-resistant, and effortless-to-clean solution, ideal for outdoor kitchens and high traffic areas.

SILVER CREEK COLLECTION: Create a unique centerpiece in your outdoor space with our Silver Creek Collection. Whether it's Antique Travertine pavers, modeled after the Italian originals, or Barn Plank pavers, inspired by a 17th-century Swiss barn, this collection offers the look and feel of natural materials at an affordable price.

SPECIALTY PAVERS: To cater to unique tastes and functional needs, we offer a range of specialty pavers. From Lamont pavers, designed to mimic European cobblestones, to our permeable pavers that aid water management. These specialty pavers are meant to cater to the unique requirements of your project.

CHROMA COLORING SYSTEM... A NEW STANDARD FOR VIBRANCY AND CONSISTENCY IN PAVER COLOR.

This advanced manufacturing technology provides rich and vibrant colors across all of our most popular products; Reno/Tahoe, Serano/Mezzano, Barrington/Minnetonka and our NEW Silhouette/Contours pavers. Chroma Coloring also ensures consistent colors from batch to batch – pavers ordered in August will have the same consistent and vibrant color as pavers ordered in May.

All pavers except Lamont, Holland-Eco and Pacific-Eco will now have Chroma Color (facemix) coloring.

CHROMA SHIELD PROTECTED PAVERS STAND UP TO THE DAMAGING EFFECTS OF TIME AND MOTHER NATURE.

Chroma Shield manufactured pavers are highly resistant to fading and to the harmful effects of salt, chemical and acid rain exposure. Chroma Shield also provides some protection against stains and rust marks.

YEARS LATER, CHROMA SHIELD PAVERS REMAIN EXTREMELY FADE RESISTANT.

WHAT IS CHROMA SHIELD?

The Chroma Shield manufacturing process is a series of chemical reactions between the paver and the Chroma Shield solution. As pavers are demolded, a proprietary aqueous-based solution is sprayed on the surface causing a chemical/molecular reaction that creates the Chroma Shield protective layer. This new protective compound penetrates into the surface of the paver three to five millimeters deep and can only be removed with heavy abrasion/wear.

CHROMA SHIELD PAVERS ARE:

- Fade Resistant
- Acid Rain Resistant
- Spalling Resistant
- Stain Resistant
- Salt Resistant
- Inhibits Efflo and Poly Haze

NECESSARIES KITS

Necessaries mantels, caps and tops are cast from Indiana limestone originals and have smooth, honed surfaces with hand-chiseled edges.

Necessaries is a collection of affordable, ready-to-assemble kits for outdoor fireplaces, island bars and grills, tables, waterfalls, fire rings, seatwalls and pillars.

Affordable luxury...

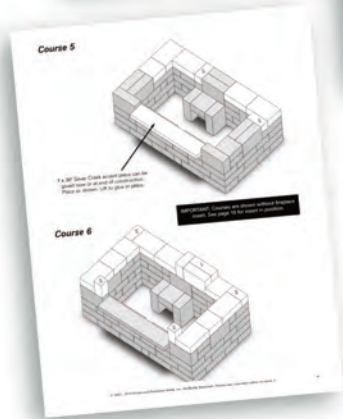

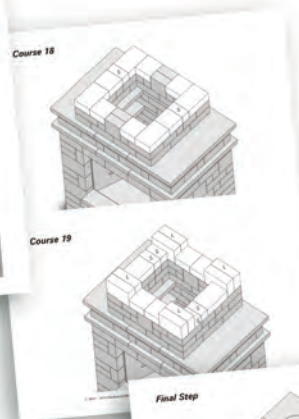

Necessaries kits are both beautiful and functional, turning backyards into attractive and enjoyable outdoor living spaces. Also, Necessaries come ready-to-assemble with everything needed to build, making them easier to install and more affordable than typical masonry structures.

Easy to build...

Each Necessaries Outdoor Living Kit comes complete with everything you need, including pre-cut block sized to fit, reinforcements, adhesive, and easy-to-read, step-by-step instructions. Most kits can be built by two people during an afternoon, or less.

Expand anytime...

You can build your project all at once or add new features over time. Because of Necessaries' modularity, expanding your outdoor living space is easy to do whenever you are ready. Kits are not suitable for commercial installations or applications.

Earthy cabinet colors:

Necessaries feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland and Riverland wall systems. Mantels and tops are wet cast concrete from limestone originals with smooth, honed surfaces and chiseled edges.

Standard features:

- Easy-to-read, step-by-step instructions
- Rockwood's Lakeland & Riverland blocks

KITCHEN KITS

Elegant, functional and affordable, Kitchen Kits are ready to assemble in any configuration you can imagine. Choose from two granite top colors and four block colors.

Polished Granite Tops

Granite is an igneous rock formed billions of years ago when magma cooled deep beneath the earth's crust. Nearly as durable as diamond, granite owes its density and hardness to its origins – solidified under extreme pressure deep within the earth.

Granite is as durable as it is beautiful; it's not affected by extremes in temperature and under normal conditions, resists etching by knives, household acids and kitchenware.

Besides its beauty, granite is...

- 100% natural and non-toxic
- Cleans without difficulty
- Sanitary – when sealed, granite does not harbor bacteria
- Highly resistant to burning or charring from hot pans, appliances, utensils etc.

Kitchen Kit Standard Features

- Easy-to-read, step-by-step instructions
- Solid granite tops in two color choices
- Reinforcements and concrete pre-cut and sized to fit
- Rockwood's multi-piece Lakeland block in four color choices
- VOC-compliant adhesive and gloves

Earthy Cabinet Colors

Kitchen Cabinet kits feature Rockwood Retaining Walls' multi-piece, tumbled Lakeland wall block. Its linear design and aged appearance fit well in landscapes of any style or decor. Choose from four cabinet colors.

OUR PRODUCTS ARE DESIGNED TO WITHSTAND THE EVERYDAY USE AND ABUSE THAT YOU, TIME AND MOTHER NATURE CAN THROW AT THEM. OUR LIMITED LIFETIME WARRANTY ASSURES HOMEOWNERS THAT WHAT'S MEANT TO LAST, WILL LAST. AND IF IT DOESN'T, WE'LL STAND BEHIND IT.

LIMITED LIFETIME WARRANTY

IMPORTANT NOTICE: Read this entire RCP Limited Lifetime Warranty and Limitation of Liability (“Limited Warranty”). It is important that the warranted products be properly installed and maintained in order for them to function successfully throughout the duration of this Limited Warranty. Depending on the product’s application, installation guides can be found at www.rochesterpcp.com. It is also important for your installer to carefully review the technical information, including specifications, for the chosen use of your RCP products as it may be the responsibility of the installer or design engineer to provide independent soil testing, quality assurance inspection, testing, and design services necessary to ensure a safe and functional application.

This Limited Warranty applies only to RCP products that are purchased and used as part of Rockwood Retaining Wall Systems installed in owner-occupied single-family homes within the United States, subject to the stated conditions and limitations. This Limited Warranty does not extend to any current or future products distributed, but not manufactured, by RCP. This Limited Warranty applies only to RCP’s products and not to the system into which they may be placed. Nor does this Limited Warranty cover RCP products used in governmental, commercial, or multi-residential applications.

LIMITED LIFETIME WARRANTY FOR RCP PRODUCTS INSTALLED IN OWNER-OCCUPIED SINGLE-FAMILY HOMES AS A PART OF A ROCKWOOD WALL OR HARDSCAPE SYSTEM.

RCP warrants that its products will be free from defects for as long as you own your home. If RCP is given prompt notice of a defect, it shall, at its sole option: (1) repair or replace the defective product(s), or (2) refund the original purchase price of the defective product(s). This Limited Lifetime Warranty is provided only to the owner(s) of the home at the time of purchase and may not be assigned or transferred. In the event the owner(s) sells the home, this warranty automatically converts to a two-year limited warranty affording the same scope of protection and governed by the same conditions, disclaimers and limitations of this Limited Lifetime Warranty. If RCP elects to repair the defect, it shall be responsible for the labor to accomplish the repair. If RCP elects to replace the defective product(s), its obligation is to deliver suitable replacement product to owner’s property.

LIMITATION OF LIABILITY

This Limited Warranty sets forth the maximum liability for our products. IN NO EVENT (INCLUDING WHERE THIS LIMITED WARRANTY IS DEEMED NOT TO APPLY TO THE SALE OR PRODUCT IN QUESTION) SHALL RCP, GLS INDUSTRIES, INC., OR ROCKWOOD RETAINING WALLS, INC. BE LIABLE FOR ANY INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES RESULTING FROM THE SALE, INSTALLATION OR USE OF ANY RCP PRODUCTS. Some states do not allow the exclusion or limitation of incidental or consequential damages for consumers, so the above limitation or exclusion may not apply to you.

LIMITATION OF WARRANTY

RCP MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING ANY IMPLIED WARRANTIES FOR MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE.

DISCLAIMER – WHAT THIS LIMITED WARRANTY DOES NOT COVER

RCP is not responsible for or makes no warranty as to:

1. Product failure, loss or damage due to:
 - Normal wear and tear;
 - Damage due to improper handling and repeated or extended contact with chemicals, such as de-icers;
 - Products improperly installed or maintained;
 - Acts of God;
 - Structural settlement, movement or vibration;
 - Products that have not been paid for in full.
2. Minor imperfections
 - Minor imperfections that do not affect the product’s structural integrity;
 - Variations in product texture or color;
 - Efflorescence;
 - Minor imperfections in shape, appearance, or dimensions covered by ASTM C1372.

CONDITIONS OF WARRANTY – WHAT YOU MUST DO TO RECOVER UNDER THIS LIMITED WARRANTY

PROMPT NOTICE OF DEFECT:

Within the warranty period, you must promptly, and in no case more than one (1) year after any defect or other basis of a claim covered by this Limited Warranty is discovered or should have been discovered, notify RCP of the defect. Any claims otherwise covered by this Limited Warranty, but for which RCP did not receive notice of the defect within one (1) year from the time the problem first became known, shall be barred.

LIMITED WARRANTY CLAIM PROCEDURE

Claims under this Limited Warranty may be made in writing to RCP at 7200 Broadway Ave. N, Rochester, MN 55906.

Claims should include the following information:

1. Claimant’s name, address and phone number, and the installation address (if different);
2. A description of the product, purchase price, date and location of purchase, and copies of invoices, if available;
3. A description of the defect(s) (photos are required); and
4. A brief summary of attempts made to address the concerns.

NO STATEMENT OF USEFUL LIFE

This Limited Warranty is not a statement of the useful life of any RCP products.
